

Subacute Rehabilitation

If your care team has recommended subacute rehabilitation for your post-acute care, below is a list of skilled nursing facilities that provide subacute rehabilitation in the Atlantic Health System service area. For a full list of skilled nursing facilities, visit [medicare.gov/nursinghomecompare](https://www.medicare.gov/nursinghomecompare).

Benefits of Choosing a Partner Skilled Nursing Facility (SNF)

Atlantic Health System has partnered with a network of high-quality skilled nursing facilities to give you an opportunity to have the best health outcomes and experience during your subacute rehabilitation stay. When you choose an Atlantic Health System High Performing Network Skilled Nursing Facility (SNF), Atlantic Health System care team members support your care to ensure a safe and smooth transition from the hospital to next setting of care. Some benefits of choosing a High Performing Network SNF include:

- You will receive coordinated care during your transition from the hospital to the next care setting.
- Atlantic Health System clinicians will remain engaged in supporting your safe transition.
- A dedicated Atlantic Health System concierge support line is available at 973-829-4594 for questions, feedback, and concerns about your facility.

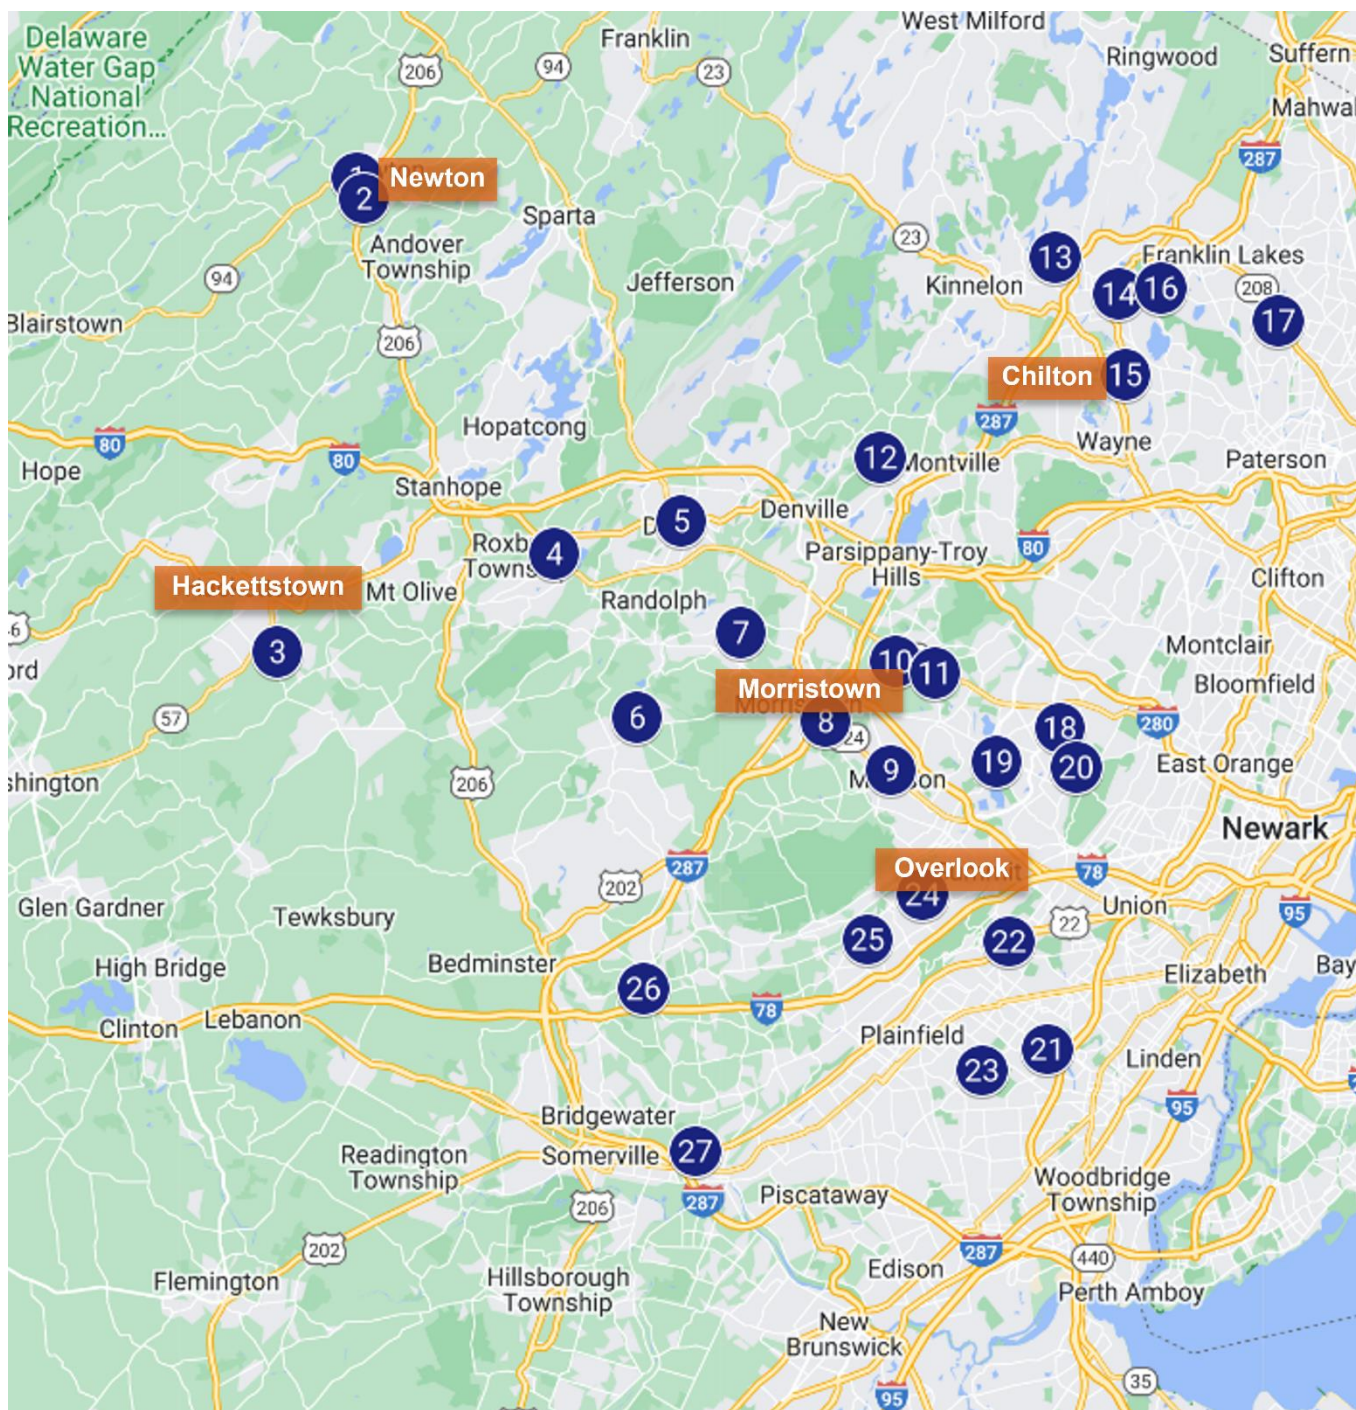

If you choose a non-HPN SNF facility, there may be limited oversight from the Atlantic Health System care team after your discharge from the hospital. Whatever skilled nursing facility you choose, your Atlantic Health System health care team will always work with you to support the best plan suited to your needs.

About Centers for Medicare & Medicaid Services (CMS) Star Ratings for SNFs:

Quality of Resident Care, Health Inspections, and Staffing each contribute to an Overall Star Rating also assigned by CMS. The below-listed CMS Quality of Resident Care Star Ratings are assigned based on a select set of clinical data measures and make up one part of the Overall Star Rating. CMS star ratings are assigned by CMS to help consumers, their families, and caregivers compare facilities and agencies more easily.

Quality of Resident Care Star Ratings in the following pages are current as of 8/23/24 but are subject to change on a regular basis. For a full list of Medicare-certified agencies in your service area with most current quality and resource use information, visit [medicare.gov/nursinghomecompare](https://www.medicare.gov/nursinghomecompare). CMS recommends using star ratings together with other sources of information to determine whether a nursing home fits your or your family members' needs.

† denotes financial partnership. Atlantic Health System has a financial partnership with Morristown Post Acute.

* denotes a Summit Health Preferred Provider SNF.

^D Birchwood Rehabilitation offers on-site dialysis services.

 Nursing homes that have been cited for potential issues related to abuse have this icon next to their name.

(SFF) indicates participation in the CMS Special Focus Facility program for facilities with a history of serious quality issues.

Medicare Benefits for Skilled Nursing Facility Care

Medicare Part A (Hospital Insurance) covers skilled nursing facility care for a limited time (on a short-term basis) if all these conditions apply:

- You have Part A and have days left in your benefit period to use.
- You have a qualifying inpatient hospital stay.
- Your doctor has decided that you need daily skilled care (like intravenous fluids/medications or physical therapy). You must get the care from, or under the supervision of, skilled nursing or therapy staff.
- You get these skilled services in Medicare-certified SNF.
- You need these skilled services for a medical condition that's either:
 - A hospital-related medical condition.
 - A condition that started while you were getting care in the SNF for a hospital-related medical condition.

Your Costs in Original Medicare

In each benefit period, you pay:

- Days 1 - 20: \$0 copayment (Note: If you're in a Medicare Advantage Plan, you may be charged copayments during the first 20 days)
- Days 21 - 100: \$204 coinsurance per day
- After day 100: All costs

Part A limits SNF coverage to 100 days in each benefit period.

Note: Your doctor or other health care provider may recommend you get services more often than Medicare covers. Or, they may recommend services that Medicare doesn't cover. If this happens, you may have to pay some or all of the costs. Ask questions so you understand why your doctor is recommending certain services and if, or how much, Medicare will pay for them.

A Note for Patients with Medicare Advantage

Medicare Advantage and other Managed Care members will need to qualify and be approved for this benefit by your Managed Care payer. Your Managed Care network and coverage can impact facility choice or availability. For more information on Medicare coverage for Skilled Nursing Facility care, visit [medicare.gov/coverage/skilled-nursing-facility-snf-care](https://www.medicare.gov/coverage/skilled-nursing-facility-snf-care) or call 1-800-MEDICARE.
